

# SAFETY INSTRUCTIONS FOR VISITORS

Dear visitor,

Safety and hygiene are top priorities in our application centre as well as in our production facility. We would therefore like to familiarise you with the most important **safety precautions, rules of conduct and hygiene measures** at our company. Please follow them consequently.

We thank you for your cooperation and wish you an informative and interesting stay with us.

---

## Instructions on protective equipment and hygiene

Please bring your own safety shoes and head protection.

We are providing further personal protective equipment such as: ear protection, eye protection, respiratory protection, protective clothing, hand protection, hair and beard covers.

## We are asking you to observe the following instructions.
